

Pigeons are often called the 'rats of the sky', but before we dismiss them entirely,

let's take a closer look at these misunderstood birds. Despite their negative reputation, pigeons are fascinating creatures with a rich history of coexisting with humans in cities around the world.

This is Ricky, raised on greasy pizza found in the trash and monster energy mixed with starbucks coffee

Don't let the scar over his eye fool you, he's actually a really nice pigeon even though he's carrying a new strain of bird covid

Where we're going we don't need no roads
